# Something Gone Wrong with □ the Books, Mr. Merchant? □

That's the trouble with unreliable clerks. You have to spend so much time checking their work that you might just about as well do it yourself in the first place.

Fortunately there are some you can depend on, however; accurate as clock work and reliable as the sun. That's the only kind to have on your books, Mr. Merchant,

if you want to be sure how your business stands. They're in demand-always-but sometimes they want to make a change. The best class of Washington clerks read THE WASHINGTON HERALD. A little ad in the Want Columns will reach the kind you want.
